I am a science teacher passionate about teaching Earth Science, Geology, Geography and Oceanography and sharing my science material/products to a wider audience. My main focus is middle and high school, but since ability levels and needs vary widely, materials found in my shop may be useful to students from other grade levels.Last updated 19 December 2021This video worksheet allows students to follow along Bill Nye's video about PHASES of MATTER (Season 1, Episode 08). Each video worksheet includes a combination of fill-in-the-blank, true/false, and/or short answer questions. Students fill in the video worksheet while watching Bill Nye the Science Guy. Watching a video is no longer a passive activity!! Students are engaged during the video as they must listen and write at the same time. This video worksheet has 16 questions. The video questions are relatively easy to answer while watching the video and are not so complicated that they require a great deal of writing. An answer key is included with this TES product. The video worksheet is printable, and NO prep is required. I have also included a QR code link to the video. This means that students can do the worksheet on their own even if they are absent. The video worksheet is perfect for sub plans. Visit my TES store for more Bill Nye video worksheets and/or other movie guides. Happy Teaching! Copyright © 2021 Students of Science.
